

In addition to your prayers; you can sponsor a heater for a family that includes the hose that attaches to a larger LP tank (being supplied by others) **for \$100.**

Fully guaranteed, NO Tax, NO shipping!

Soon we'll be finding ways to provide small LP tanks, gas lighting, cook stoves and small generators.

Christmas Heat For North Carolina

We all know Hurricane Helene brought unprecedented destruction to North Carolina and other areas. What you may not know is MANY towns and thousands of residences in the Mountain Areas will be without Roads, and Power for months to come. Many have No Shelter, No Food, No Medicine, No Water, No Communication, No Heat. Volunteer groups have taken it upon themselves to pack tools on horseback and ATVs to build shelters for these unfortunate neighbors. Brave Americans are creating new trails and make-shift bridges to reach these stranded people with horses and mule-trains, ATV's and a few volunteer Helicopters.

M-W Disaster Relief HAS SET OUR FIRST GOAL TO PROVIDE 500 LP HEATERS plus camp stoves and small generators. A special arrangement has been made thanks to MR Heater Company so we can purchase Buddy Heaters at dealer cost or below. Additionally, Mr Heater has offered to ship them without cost to our distribution points near Asheville for delivery by volunteers using any means possible.

Send Checks for any amount payable To:
MWBC E5466 Farber Rd Reedsburg WI 53959

OR make it easy by scanning the QR code below and use the secure process from Give-Send-Go.

Please do this ASAP as winter is here and we hope to have the first order delivered by November 15th.
